Dear Sir:

In the January 19 issue of The Christian Science Monitor, under the heading entitled "People in the News," appears a brief sketch of yourself which we have printed because of some recent event of public interest with which you have been identified.

Believing that you would appreciate a copy of the issue for your own personal use, we have asked the Circulation Department to send you one with our compliments, and trust that it will reach you promptly.

With cordial good wishes,

Yours sincerely,
